GUIDELINES / INSTRUCTIONS / TURNITIN ACCESS

Wed.-30-Sept.-2026

Dear Parent / Student,

Greetings from Lloyd Skill Centric Education Community!

Legal education is principally a justice education. Legal profession in its entirety is a service imparted through judging, advising or counseling in law courts. A law student should acquire legal & allied knowledge and professional & personality skill set during his graduating days. Alongside academic progression, development of personality and professional skill set is one of the most important imperatives of legal education that a novice should understand when to 'think like a lawyer' and when 'not to think like a lawyer'. At Lloyd, we impart best of skill sets through various curricular / co-curricular simulation exercises that have been designed & framed with purpose of cultivating professional personality in the novices.
