Dear Parent/Student,

Greetings from Lloyd academic community!

We are excited to introduce **Vahura** for a comprehensive **Masterclass on Recruitment** and followed by one-on-one **Mock Interviews & Counselling Sessions**. This Masterclass will also delve deep into the aspects that the students need to bear in mind while drafting a cohesive yet informative resume as well as the essential skills that need to be honed for performing well during group discussions and interviews. Interactive and highly participative, this masterclass ensures that students are thoroughly prepared to navigate the competitive legal recruitment landscape. **Vahura mentors will lead the sessions, sharing their extensive expertise and insights. Masterclass on Recruitment focuses on equipping you with essential skills to excel in the legal industry;**

- **Resume and Cover Letter Writing**
- **Group Discussion and Interview Skills**
- **Strategies to Convert Internships into Pre-Placement Offers**

Mock Interviews & Counselling Sessions ::

Focused & Rigorous **Mock Interviews & Counselling**, which would be conducted on campus by experienced Vahura mentors who specially focus on each professional's area of interest and competence. These interviews give a preview and a realistic simulation of how an actual interview is with potential employers. These interviews are followed up by an individual feedback and counselling session. **The entire duration of each Mock Interviews & Counselling Session would be 45-60 minutes.**

Extended Benefits ::

Vahura will be offering proprietary online Legal English & Analysis Test (LEAT) along with Student Questionnaire that participants will have to fill after attending the Masterclass before appearing for the Group Discussion & Mock Interviews. The LEAT results as well as feedback on the Student Questionnaire would be discussed with each of the students during the individual feedback and counselling session post the mock interview.

LEAT is designed specifically to identify the participants reading and cognitive capacities, attention to detail, comfort with legal English, ability to make logical decisions and interpret information in an analytical way, and the ability to make sound judgements based on their conclusions.

- **Drafting a Resume and Cover Letter:** The course helps students to draft a professional resume and cover letter that effectively showcases their profile.
- **Interview Skills:** The course enables law students to prepare for interviews with potential employers including law firms, companies, and litigation chambers.

- Access to AI-assisted fully online **Resume Builder**.
