College Life is one of the most remarkable and lovable times of an individual's life. Unlike School Life, College Life has a different experience, and a person needs to have this experience in his/her life. College Life exposes us to whole new experiences which we always dream of experiencing after our school life. Lucky are those who get the chance to enjoy their college life, as many people don't get this chance due to their circumstances or financial issues. For every person, College Life has a different meaning. While some people spend their college life partying with friends, others become more cautious about their careers and study hard. Whatever the way, every individual enjoys their college life and always wishes to relive that time once it is over.

College life is considered a bridge in our lives between our school days and our career. It prepares us with the finest academics and platform to generate dreams into realities. It acts as a transition to prepare us to be more independent. In school, we were dependent on our parents. However, we became independent in college regarding studying, traveling, decision-making, and financially independent after college. It is a valued and very smooth transition where we do not realize that we have become independent.

One fine day, you will be silently smiling with wet eyes, looking at the pictures from your college and old friends, and remembering all the good times you had in your college days. That is the beauty of studying in a college. Despite climbing the ladders of success, you will cherish the memories of your college life.

So, to kick start this life, your Senior batch wishes to give you a formal welcome on September 21, 2024.

This day will be marked by moments filled with emotions and memories to be cherished throughout your life. This Freshers' is also a chance to participate and become

1. **Mr. Freshers' and Ms. Freshers'** by showcasing your talent.
2. **And,** the stage is also open for you **to perform an Activity (a drama/ skit/ dance/ song/ band), in group.**
