Dear Parent / Student,

Greetings from Lloyd Academic Community!

As we all know that Lloyd Law College organizes LTAC every year. It is an intra-college training program for selected students that runs for over six months and is organized every year. This year, i.e., 2022, we are conducting the IVth edition of the LTAC.

After successful conducting two workshops on investigation by our Expert Resource Person, Dr. P.S. Bhushan (Retd. Delhi Police Officer), during the month of March, 2022, participants are ready to participate in the Ist simulation exercise, i.e., 'Registration of Complaint & FIR'. Participants were trained by the Expert Resource Person that 'through what modes, first information can be shared with the police' and 'what subsequent action is taken by the police before they register the F.I.R.' Participants were informed about various Rules & Procedures that the police will necessarily follow before taking any action; they were further informed about the 'forms / Registers' that any police station will necessarily have. Now, all the participants will play role of the complainant as well as police officer that includes, Duty Officer at Police Station and the In-charge, Police Station. Police station environment shall be created for the purpose of letting the participants feel that they are at real life-like police station.
